## WEB APPLICATION DEVELOPER

i'm Mohammad ali sadeghi . i'm a web application developer and a full-time computer student for the rest of my life . I graduated in B.S computer science from IAUBIR - islamic azad university of Birjand , i have a major crush on web applications and i enjoy getting to know how to make and deal with them .

## EXPERIENCES

### Front-End Developer

MARCH 2019 - August 2020

it was an e-commerce app for WordPress/woocommerce plugin based on ionic/Cordova that the code I wrote was in angularjs , it was a fun and very thoughtful project that let me find very good friends.

### FullStack Developer

SEPTEMBER 2018 - SEPTEMBER 2020

this project was a blog and store for agricultural products. my responsibilities at this project include both front-End and back-End and Deployment of the web site , the backend was based on PHP/koseven framework, it was very fun and it taught me many things.

### Wordpress Developer

SEPTEMBER 2018 - SEPTEMBER 2020

At this project that was based on WordPress / Woocommerce my responsibility was to make the store using woocommerce , translating its template to Persian and also Optimizing the site for being accessible by Search Engines
